

## **2025 ND INSURANCE ONE HOUR WEBINARS**

Real-Time Instruction + Internet Connection = State CE

PIA of North Dakota is proud to offer live webinars again in 2025 so you can take CE courses over the web from the comfort of your home or office. In order to provide the best possible simulation of a live classroom environment, NONE of these webinars are pre-recorded, they all take place in real-time and are taught by the top-notch national instructor who authored the course. Our webinars have a chat box which allows students to ask questions and participate in the course, making for a more dynamic learning experience. Our instructors use a webcam so you will be able to see him/her teach, address questions, and provide answers – all in real-time. In order to participate, all that you need is a computer or tablet, reliable internet connection, working speakers, and Adobe Flash Player and you are ready to go!

**2025 Second Quarter WEBINAR SCHEDULE:** (all times Central)
